Friday 12 March 2021

Dear Parent/Carer and Student

I hope that this letter finds you safe and well.

I would like to congratulate all students on a calm and orderly return to school this week. Despite the early mornings, most seem happy to be back with their friends and learning face to face once again.

Lateral Flow Testing

All those who consented to be tested have approached testing in a mature and sensible way and have waited patiently for their results. The volunteers and support staff working in the testing site have been extremely impressed by all of your children. You should be very proud of them, we are. More than twelve hundred lateral flow tests have been carried out this week and there are a further four days of testing next week!

Boxes of home testing kits are being distributed to students when they arrive for their third lateral flow test appointment. Each student will receive two boxes each containing three tests. This is enough to cover the rest of this term. If further deliveries arrive before the end of term we will issue sufficient kits to cover the Easter holiday period so that students can test themselves before they return to school in April.

Reminder from the Police

We have been asked by the police to remind all students that Covid restrictions are NOT over and that when outside their school bubble they are allowed to be with **only one other person outside**, this includes on the way to and from school.

I hope that you are able to enjoy a restful weekend.

Take care and stay safe.

Yours sincerely

Ms S. Japp
Headteacher
